

March 2020

PRODUCT DESCRIPTION

Easy Mix Mortar Aid is a simple to use, non-staining liquid which improves the workability of cement, mortar and plaster. Easy Mix Mortar Aid:

- Enables quicker application
- Improves workability of mortar
- Reduces cracks
- Eliminates the need for lime
- Reduces water absorption
- Contains special additives for extended open time in hot weather conditions
- Is suitable for all coloured and white mortars

PRODUCT PACKAGING

Easy Mix Mortar Aid is available in a 1 litre bottle.

COVERAGE RATES

Easy Mix Mortar Aid makes 20 litres when diluted with 19 litres of water.

MIXING AND DOSAGE RATES

Shake the bottle well before use, then add the total contents of the bottle to approximately 19 litres of clean water and mix well.

Add the diluted mixture to a mortar mix at approximately 80ml - 160ml per 20kg of cement. Increase the dosage rate to 40ml - 80ml per 40kg of cement, for gritty or harsh sand mixes.

CLEAN UP

Wash all equipment in water or a water / detergent mix immediately upon completion of application and mixing.

PRODUCT STORAGE

If stored in a cool, dry, airtight container (and if mixed with clean water), diluted Mortar Aid will keep for up to 12 months.

USAGE PRECAUTIONS

Easy Mix Mortar Aid is non-toxic and non-flammable, but should be handled with due care. During use, wear suitable clothing, gloves, eye protection and face protection.

If contact with the skin occurs, thoroughly clean the area with plenty of fresh water and soap. In case of contact with the eyes rinse with plenty of fresh water and seek medical advice. If swallowed, seek medical attention immediately. Do not induce vomiting.

For further information consult the Material Safety Data Sheet and read the product label carefully before use.
