COVERAGE

Approximate 11 bags NatureScape Aussie White Sand will fill an area of 1 metre x 1 metre x 150mm high.

CONVENIENT PACKAGING

NatureScape Aussie White Construction Sand is available in 20kg clear plastic bags packed 60 bags on each pallet. One tonne bulk bags are available by placement of a special order.

RENDER

To create a light, cream coloured render, mix 3 parts Aussie White Sand with one part Easy Mix Ivory Cement.

MORTAR

To create a light cream coloured mortar, mix 4 bags of NatureScape Aussie White Construction Sand with 1 bag of Easy Mix Ivory Cement and 2 litres of water. Add Easy Mix Mortar Aid to improve workability.

CONCRETE

To create a light cream coloured concrete, mix one bag of Easy Mix Ivory Cement with two bags of NatureScape Aussie White Sand and three parts gravel.

USAGE PRECAUTIONS

May cause coughing, sneezing, and mild irritation to the nose, throat and respiratory tract, Use outdoors in well ventilated area. Minimise dust generation and exposure to dust. Use respiratory protection where exposure to dust is unavoidable. Wash hands and other parts thoroughly after handling.

For further information consult the Safety Data Sheet (SDS) and read the product label carefully before use.

Safety Data Sheets are available on www.easymixsales.com.au

Ingredients

Graded Sand >60%

Sand contains crystalline silica (quartz).

Some dust may be present which is respirable under certain conditions.

Product is packaged on a factory line using natural sands which may contain metallic elements.
